

PERFORATED

product overview

Add a bit of texture and interest to just about any of our leathers with a perforated pattern. Our range of choices are designed to meet your creative needs and inspire. This process is ideal for general upholstery use, as well as for insets or wall panels.

USE

Upholstery and vertical applications.

LEATHER

All smooth and small grained products.

LEAD TIME

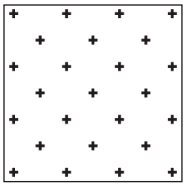

1-2 weeks for stock leather upon CFA approval. For custom leathers, please allow for 6-8 weeks overall. Then, 3-4 weeks for leather perforation process.

MEASUREMENTS

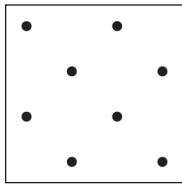

All exact measurements of patterns are provided with individual pattern measurements.
